Dear Sir / Madam,

**RE: BARA SYDNEY JUHI ACCESS DECLARATION APPLICATION**

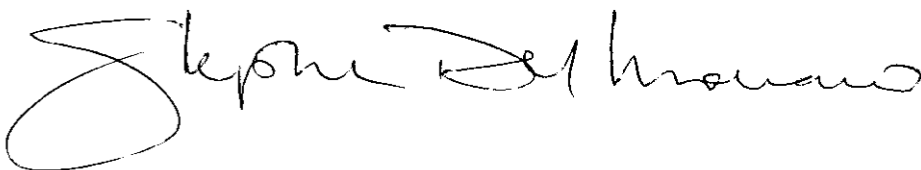

Mobil Oil Australia Pty Ltd (Mobil) is a longstanding refiner and marketer of jet fuel in Australia. Mobil has a participation interest in Sydney Joint User Hydrant Installation Joint Venture (JUHI JV) and is a shareholder in Airport Fuel Services Pty Ltd (AFS), an into-plane company operating at Sydney Airport.

In response to the application made to the National Competition Council (NCC) by the Board of Airline Representatives of Australia (BARA) to declare services provided by Sydney JUHI JV, Mobil would like the NCC to be aware of the following:

- Mobil is supportive of the submissions made by Sydney JUHI JV and AFS in response to BARA's application for 'Service No 1: provided by the Sydney JUHI Facility';
- Mobil considers that BARA's application to declare Sydney JUHI JV services is unnecessary and poorly argued and questions whether it has been undertaken in good faith. BARA's application contains numerous factually incorrect statements about Mobil and its operations, including asserting that Mobil does not market jet fuel at Sydney airport. These statements are potentially commercially damaging and could have easily been corrected if BARA had taken the time to check this information with Mobil.
- Mobil is happy to share further information with the NCC, particularly in relation to Mobil's role as a refiner and marketer of jet fuel in Australia.

If you wish to discuss anything raised in this letter, please contact the undersigned via email ([stephen.j.delmonaco@exxonmobil.com](mailto:stephen.j.delmonaco@exxonmobil.com)) or on telephone +61 457 504 536.

Regards,

Stephen Del Monaco
