Dear Creina

GLNG no coverage application for the CRWP loop

Thank you for providing the no coverage application for the CRWP loop pipeline to be constructed for the GLNG Project.

Having reviewed the no coverage application, KGLNG Liquefaction Pty Ltd grants GLNG Operations Pty Ltd ("**GLNG**") permission for it to be submitted to the National Competition Council for consideration and appoints GLNG to act, and to receive and respond to all correspondence, on its behalf in relation to this application.

Accordingly and as a "service provider" under the National Gas Law, we wish to have the benefit of any no coverage declaration made by the Minister as a result of the application.

Please contact Mr Dong Hwan Kim or Mr Moses Seo if you require any further information or assistance in this matter.

Yours faithfully,

Choongho Je
