

09 August 2004

John Feil
Executive Director
National Competition Council
Level 9, 128 Exhibition Street
MELBOURNE NSW 3000

Dear Mr Feil

**Further issues raised by the NCC for third party application for access to
Sydney Water's sewage network.**

Please find attached Sydney Water's response to the National Competition Council's (NCC) questions as discussed with Sydney Water on 1 July 2004 [relating to Sydney Water's submission]. This submission was in response to the application, by Services Sydney, for access to Sydney Water's sewerage and network under Section 44G of the *Trade Practices Act 1974* (TPA).

Sydney Water reaffirms its original submission with attached response to the NCC's questions reflecting this position.

Sydney Water looks forward to the NCC's draft recommendation on this issue and will be happy to assist further information if required.

Please contact me on (02) 9350 5000 if you wish to discuss these matters further or alternatively Ms Angela Tsoukatos, General Manager, Corporate Services on (02) 9350 6228.

Yours sincerely

DAVID EVANS
Managing Director
