Dear Sirs,

**NSW Government application for certification of the
NSW water industry infrastructure access regime**

Thank you for the opportunity to comment on the Council's draft recommendation in its review of the NSW Government's application for certification of the NSW water industry infrastructure access regime. AquaNet Sydney Pty Limited (AquaNet) has previously provided comments on the NSW Government's application in a submission to the Council date 4 March 2009.

AquaNet supports the Council's preliminary conclusion that it should recommend that the Commonwealth Minister certify the regime. Having said that, we share the Council's view that the regime would benefit from the inclusion of limited merits review of critical decisions for the reasons discussed in our previous submission.

Should you wish to discuss this submission please contact Warwick Tudehope on 02 9270 2551

Yours sincerely

Linda Gyzen
